

# CEO Roundtable

Secure forum for manufacturing leaders to share ideas, experiences, and challenges

As a CEO or owner of a manufacturing business, it can be hard at times to find an outlet to discuss issues and decisions that you face. While family and friends are a great resource, they don't truly understand what you are going through on a day-to-day basis.

The GaMEP has CEO roundtables in two Georgia locations, Southwest and North Georgia, to provide a confidential environment to contribute, listen, and learn from others manufacturing leaders' experiences.

Through GaMEP's CEO Roundtables, manufacturing leaders will:

- Participate in closed-group discussions with other CEOs and owners of manufacturing companies.
- Contribute, listen, and learn from other manufacturing leaders' experiences.
- Seek alternatives when facing difficult decisions within their plant.
- Have an outlet to share challenges with others who understand what you are going through.
- Help each other promote strategic change and growth.

- Immediate and long-term solutions that increase top-line growth and reduce bottom-line costs throughout your organization.
- Federal and state funds that help offset the cost to Georgia manufacturers, making your investment more powerful.
