

Advanced Manufacturing Consortium

Largest member-based Lean focused community in Georgia

The Advanced Manufacturing Consortium is committed to the pursuit of a continuous improvement culture through the development of best practices, peer learning, and connections to the resources of the Georgia Manufacturing Extension Partnership (GaMEP) at Georgia Tech.

➤ The Advanced Manufacturing Consortium can help your company bridge the gap to excellence by:

- Using lean strategies to create organizational alignment and structure
- Introducing you to or deepening your knowledge of technology that could help your company grow
- Sharing applied solutions through real experiences
- Developing a culture of collaboration within your organization and within a community of other lean practitioners
- Connecting leaders so that peers from a variety of disciplines within your organization can learn together

➤ The Advanced Manufacturing Consortium:

Includes 70+ member companies

Hosts 50+ events each year

Has been creating connections and learning opportunities for manufacturers in Georgia for the past 10 years

»»» What members are saying:

"I look forward to the events. I take a couple of people with me to each benchmarking tour, so they can experience first-hand what other member companies are doing to be successful around lean and safety efforts."

- Dwayne Brabham, Continuous Improvement Manager
 Textron Specialized Vehicles

"The knowledge we have gained from working with the GaMEP is touching everything we do and transforming the way we do business. It feels good to be moving forward with achievable goals and is very exciting to be able to tell our customers about all of our changes and improvements. Being able to network with other companies is a big plus."

- Charlie Post, Owner
 TSI Solutions

»»» Membership Includes:

- **4 Quarterly Benchmarking Sessions** showcasing a host company's best practices or topic of interest, held at one of the facilities in your regional consortium group
- **2 Intensive Learning Sessions** designed to provide in-depth knowledge or expertise to a specific area or topic of interest for the group (typically a 6-8 hour session, held off site)
- An opportunity to attend at least one session outside of your regional area each year
- Two seats for each consortium event

»»» The GaMEP Philosophy

Our goal is simple and impactful:

- Understand the current state of your teams and company
- Learn about your future goals
- Teach your team to utilize tools and strategies to meet the needs of your organization
- Connect your company with other resources available at Georgia Tech or our partner organizations
- Advance your company's competitiveness and ensure a sustainable future for manufacturing in Georgia

»»» Why Work with the GaMEP?

- Federal and state funded program housed out of Georgia Tech
- 10 offices across the state
- Team has years of practical experience working in manufacturing plants across the world
- Expertise in process improvement, quality, robotics, business strategy, technology integration, ISO management systems, energy, sustainability, and integrating safety efforts into manufacturing plants

Each year, GaMEP works with more than 1,000 manufacturers to implement on-site projects, conduct training, and connect manufacturers to Georgia Tech resources and our partners throughout the state.

See what all the "Buzz" is about.
