

# Integrated Management Systems

Simplify your management systems to gain valuable time and improve

Do you have multiple management systems within your plant (i.e. quality, energy, environmental, health & safety)? With those, are you running asynchronous documentation and reporting activities?

If so, by making some modifications you can combine manuals, forms, and processes into one streamlined management system, reducing duplication of efforts and saving your company time and money.

➤ GaMEP will:

- Identify the organization's different management systems and determine how they are working within the company's overall business.
- Pinpoint opportunities where the systems can be streamlined and easily integrated.
- Identify key personnel to establish a team-based approach.
- Develop a roadmap to integrate the systems throughout the organization.

➤ By integrating your management systems, you will:

*Save Time*

*Streamline Processes*

*Enhance Communication*

*Improve Performance*

# Integrated Management Systems in Action

## Atlanta Equipment Manufacturer Integrated Three Management Systems to Better Meet its Plant Goals and Customer Expectations

An Atlanta manufacturer wanted to integrate its three management systems – ISO 14001 (environmental), ISO 9001 (quality), and OHSAS 18001 (health and safety) in order to have one reliable, efficient system. GaMEP worked the manufacturer to understand its corporate documentation and make recommendations based on the local plant needs. Through the work with GaMEP, the company:

- Integrated three management systems (ISO 14001, ISO 9001, and OHSAS 18001) into one.
  - Created one set of documentation and one recording system.
  - Developed the capability to perform one audit that looks at all systems together.

## Why Work with GaMEP?

Our goals are simple and impactful:

- Understand the current state of your company.
- Learn about your future goals.
- Teach your team to utilize tools and strategies to meet the needs of your organization.
- Advance your company's competitiveness and ensure a sustainable future for manufacturing in Georgia.

Each of our services resides in one of the following four key strategic solutions within the GaMEP Organizational Excellence framework:

The pillars are interconnected to maximize effectiveness. If you have multiple areas to address, request an Organizational Excellence assessment.

## What Sets GaMEP Apart

Each year, GaMEP works with more than 1,000 manufacturers to implement on-site projects, conduct training, and connect manufacturers to Georgia Tech resources and our partners throughout the state. We do this through:

- Federal and state funds that help offset the cost to Georgia manufacturers, making your investment more powerful.
- Access to locally based project managers that have years of experience developing and implementing best practices for manufacturers.
- Immediate and long-term solutions that increase top-line growth and reduce bottom-line costs throughout your organization.

Service areas include: process improvement, quality, robotics, business strategy, technology integration, ISO management systems, energy, sustainability, safety integration, and more.

See what all the "Buzz" is about.
