CEOs Roundtable

Secure forum for manufacturing leaders to share ideas, experiences, and challenges

As a CEO or owner of a manufacturing business, it can be hard at times to find an outlet to discuss issues and decisions that you face. While family and friends are a great resource, they don't truly understand what you are going through on a day-to-day basis.

The GaMEP has CEO Roundtables in two Georgia locations, Southwest and North Georgia, to provide a confidential environment to contribute, listen, and learn from others manufacturing leaders' experiences.

Through GaMEP's CEO Roundtables, manufacturing leaders will:

- Participate in closed-group discussions with other CEOs and owners of manufacturing companies.
- Contribute, listen, and learn from other manufacturing leaders' experiences.
- Seek alternatives when facing difficult decisions within their plant.
- Have an outlet to share challenges with others who understand what you are going through.
- Help each other promote strategic change and growth.
CEO Roundtable in Action

"I feel that I am part of an extremely knowledgeable and talented group of people whose experiences I can draw from to help me resolve my company’s issues."

- Manufacturer in North Georgia

"Without knowing much about a CEO roundtable, I knew if the GaMEP was developing it, I was compelled to learn more. The group has become a great learning opportunity."

- Manufacturer in Southwest Georgia

Why Work with GaMEP?

Our goals are simple and impactful:

- Understand the current state of your company.
- Learn about your future goals.
- Teach your team to utilize tools and strategies to meet the needs of your organization.
- Advance your company’s competitiveness and ensure a sustainable future for manufacturing in Georgia.

Each of our services resides in one of the following four key strategic solutions pillars within the GaMEP Organizational Excellence framework:

<table>
<thead>
<tr>
<th>Business Health</th>
<th>Organizational Alignment</th>
<th>Leadership Development</th>
<th>Forward Thinking</th>
</tr>
</thead>
</table>

The pillars are interconnected to maximize effectiveness. If you have multiple areas to address, request an Organizational Excellence assessment.

What Sets GaMEP Apart

Every year, GaMEP works with more than 1,000 manufacturers to implement on-site projects, conduct training, and connect manufacturers to Georgia Tech resources and our partners throughout the state. We do this through:

- Access to locally based project managers that have years of experience developing and implementing best practices for manufacturers.
- Immediate and long-term solutions that increase top-line growth and reduce bottom-line costs throughout your organization.
- Federal and state funds that help offset the cost to Georgia manufacturers, making your investment more powerful.
