Seventy percent of effective learning comes from applying your knowledge to current situations. GaMEP’s Leadership Essentials skills training combines classroom instruction and coaching with application in order to provide you and your team the most successful learning environment.

GaMEP will conduct one or any combination of these five-hour training sessions that best meet your needs:

- **Communicating for Leadership Success**: learn to communicate effectively in order to spark action in others.
- **Coaching for Peak Performance***: learn to use different coaching techniques to have more effective and efficient interactions with your team members.
- **Developing Yourself and Others**: discover a process to guide yours and your direct reports’ development-planning efforts that are tied to and support the organization’s current and future business needs.
- **Resolving Workplace Conflict***: use resolution tactics to recognize the signs of escalating conflict and take appropriate action to minimize damage.
- **Building & Sustaining Trust***: inspire higher level performance, allowing your team to take risks, identify and solve problems, and collaborate to achieve business results.

*Prerequisite: Communicating for Leadership Success

All courses are part of the DDI Leadership Training Series

When more than one course is administered, an assignment is given and follow-up sessions are conducted.

By taking GaMEP’s Leadership Essentials training, you will:

- Develop skills to gain effective leaders
- Create alignment in your organization
- Set your company up for success

Leadership Essentials Training in Action

“As a result of the leadership training, our managers have been able to improve communication skills and increase employee engagement. They have learned about accountability, how to improve employee morale, learned ways to retain our employees and helped support growth by nurturing future leaders.”

- Waleska White
Director, Human Resources
KNAPP

Why Work with GaMEP?

Our goals are simple and impactful:

- Understand the current state of your company.
- Learn about your future goals.
- Teach your team to utilize tools and strategies to meet the needs of your organization.
- Advance your company’s competitiveness and ensure a sustainable future for manufacturing in Georgia.

Each of our services resides in one of the following four key strategic solutions pillars within the GaMEP Organizational Excellence framework:

Business Health  Organizational Alignment  Leadership Development  Forward Thinking

The pillars are interconnected to maximize effectiveness. If you have multiple areas to address, request an Organization Excellence assessment.

What Sets GaMEP Apart

Each year, GaMEP works with more than 1,000 manufacturers to implement on-site projects, conduct training, and connect manufacturers to Georgia Tech resources and our partners throughout the state. We do this through:

- Access to locally based project managers that have years of experience developing and implementing best practices for manufacturers.
- Immediate and long-term solutions that increase top-line growth and reduce bottom-line costs throughout your organization.
- Federal and state funds that help offset the cost to Georgia manufacturers, making your investment more powerful.

Service areas include: process improvement, quality, robotics, business strategy, technology integration, ISO management systems, energy, sustainability, safety integration, and more.

See what all the “Buzz” is about.
